

NEW!

K9 Young at Heart™

Designed to help fight the two major culprits of aging: muscle loss (sarcopenia) and lowered immunity (GSH). Extra gentle amino acids and peptides help digestion, antioxidants help support immunity and resistance to age-related cognitive decline.

FOR

For Senior Dogs

FEATURES

- Supports Heart Function
- Supports Antioxidant Function
- Promotes Healthy Coat and Skin
- Supports Digestion
- Supports Eye Function

HOW TO

Just mix in with your dog's regular food, wet or dry. Begin with ½ scoop. Build up to full amount over two weeks. Daily amount can be divided among feedings. Amount fed can be tailored to individual dog's needs. See label for detailed directions based on dog's size.
